GSP-1700 Handheld Portable Satellite Phone

- Pure CDMA digital voice quality and data capabilities
- Long-life battery: 4 hours talk time, 36 hours standby
- Compact and lightweight design

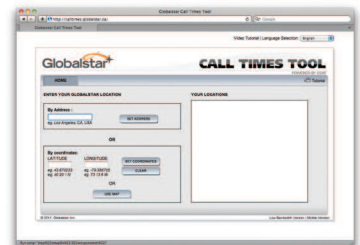

GIK-1700 Installation Kit

- Allows for a safe hands-free operation
- Battery charging capability in a vehicle or vessel
- Magnetic active patch antenna included

Globalstar Call Times Tool

As Globalstar continues to launch its second-generation satellite constellation, customers are experiencing increased coverage and service reliability. Until the second-generation network is fully operational, the free and easy to use Call Times Tool will help to determine the best times to make a successful Globalstar voice or duplex data call based on your location.
